Investments

Investments of surplus funds in carefully selected, high-grade local securities, nearly all of which are TAX EXEMPT, yield very satisfactory results and encourage development of home industries, thereby promoting local growth and prosperity.

These securities yield reasonable
dividends and are safe investments.

It Is Indispensable

The real test of a publication's worth is made when its position in the business world is determined.

From its inception the City Directory has been "the book that's indispensable" in the business office.

The City Directory's position in the business world is solid. Those who buy and use it consider it the greatest buyer's guide in the world.

To the buyer in search of your kind of goods an advertisement in the City Directory is a sign of reliability and he treats it as such.

This attitude means a great deal to the advertiser. It's a real asset.

SPRINGFIELD STREET DIRECTORY.

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

Description of the Attractions, Advantages, and Resources of

Springfield, Massachusetts

Furnished by the

Springfield Board of Trade

Massachusetts

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 100,000, is the trading center for 600,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

Springfield—the Magnet City

Springfield is known as "The Magnet City" because of its attraction. It has been compared a great many times to Western cities in its being a live wire and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which recently has been completed and which stands as a testimony to the generosity and civic pride of the citizens.

Springfield is Famous

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries, such as the G. & C. Merriam Company, publishers of Webster's Dictionary; Barney & Berry, Inc., manufacturers of the Barney & Berry skates; National Equipment Company, candy machine manufacturers; Stevens-Duryea Company, manufacturers of the Stevens-Duryea automobile; Hendee Manufacturing Company, Indian Motocycle manufacturers; and Smith & Wesson, manufacturers of revolvers.

Beauty and Attractions of the City

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (589.64 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 476 acres, is one of the finest public parks in the country. The drives in and around Springfield are also pleasant.

The History of Springfield

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1647 the village of Springfield was burned by marauding Indians but Phœnix-like arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

As an Educational Center

Springfield is noted as second only to Boston in the excellence of its public schools. With three High Schools and a great many grade and private schools it maintains a high standard. There are 38 public schools in the city. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches, 63 in all and many noteworthy ones among them.

Public Buildings

The principal public buildings in Springfield are the new Municipal Group; the new Public Library; Springfield Art Museum; Museum of Natural History; Connecticut Valley Historical Society; Springfield Armory; Massachusetts Mutual Life Insurance Company Building; Springfield Fire & Marine Insurance Company Building; the Law Courts; the Springfield Republican; the High School Buildings; Stearns Building; Hotel Kimball, and the Myrick Building (the headquarters of the Springfield Board of Trade).

Social Advantages

The social advantages are many as Springfield is a very sociable place.

There are various charities in this city which are very active, and the club life is indeed delightful. The Y. M. C. A. and the Y. W. C. A. occupy excellent buildings; the Boys' Club, an institution offering social recreation to over 1,000 boys, is splendid for youthful exuberance; the Women's Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Winthrop Club and the Country Club of Springfield, besides many literary and social clubs, make the city a pleasant place in which to live as well as to work.

Newspapers and Other Publications

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; the *Springfield Daily News* and the *Springfield Homestead.* All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

Transportation Facilities

The transportation facilities of Springfield are very fine indeed. There are many trains a day going in and out of the city on the various lines of railroads which enter here.
